Requisition #: R846726 **Location:** UNITED STATES.CALIFORNIA.SAN JOSE

Job Title: Controller-Treasury Accounting **Region:** US & Canada

Area of Interest: Finance **Level of Experience:** Experienced - Manager

Job Description: Cisco seeks an experienced finance professional to become part of a high powered team. This position reports to the Global Corporate Controller's Organization and requires a broad understanding of U.S. GAAP. (IFRS, or other GAAP a plus) This position will lead and provide oversight and guidance related to cash and investments, derivatives, private investments, foreign exchange, shareholders' equity, share-based payments, executive compensation, mergers & acquisitions, other income & expense, tax and related activities. Specifically this role oversees the accounting and reporting teams responsible for the above mentioned areas and implementation of new accounting standards and external reporting for all related areas. This position directs the development, implementation and maintenance of accounting systems, procedures and policies, ensures the accurate compilation, analysis and reporting of accounting information, and compliance with internal and external standards. The ideal candidate demonstrates financial thought leadership, the drive to meet major deadlines and milestones, the discipline to propose and implement responsible choices under pressure, technical skills and the ability to build vital relationships. This position will work very closely with treasury operations, corporate finance, external reporting & consolidations, tax, legal, and stock administration.

Requirements

- BS/BA in Finance, Accounting, or Economics; CPA and/or MBA preferred
- Strong technical accounting skills, research and analytical skills
- Ability to interact across management lines
- Experience with international capital markets and FX markets a plus
- Experience with IFRS or international treasury accounting a plus
- Detail oriented
- 9+ years of related experience
